The aggregate purchase price of the 5,732,261 Shares beneficially owned by the Reporting Person is approximately \$25,022,825, including brokerage commissions.

Item 4. Purpose of Transaction.

The Reporting Person purchased the Shares based on the Reporting Person's belief that the Shares, when purchased, were undervalued and represented an attractive investment opportunity. Depending upon overall market conditions, other investment opportunities available to the Reporting Person, and the availability of Shares at prices that would make the purchase or sale of Shares desirable, the Reporting Person may endeavor to increase or decrease its position in the Issuer through, among other things, the purchase or sale of Shares on the open market or in private transactions or otherwise, on such terms and at such times as the Reporting Person may deem advisable.

The Reporting Person intends to engage in discussions with the Issuer's board of directors (the "Board") and management team regarding operational and strategic opportunities for the Issuer to enhance stockholder value.

In accordance with the terms of the Issuer's Restated Certificate of Incorporation (the "Charter"), the Board has authorized the Reporting Person and its affiliates to acquire Percentage Stock Ownership in the Corporation Securities of up to 9.9% of the outstanding Corporation Securities (each such term as defined in the Charter), subject to certain terms and conditions.

The Reporting Person does not have any present plan or proposal which would relate to or result in any of the matters set forth in subparagraphs (a) - (j) of Item 4 of Schedule 13D except as set forth herein or such as would occur upon or in connection with completion of, or following, any of the actions discussed herein. The Reporting Person intends to review its investment in the Issuer on a continuing basis. Depending on various factors including, without limitation, the Issuer's financial position, results and strategic direction, actions taken by the Issuer's management team and the Board, price levels of the Shares, conditions in the securities markets, general economic and industry conditions, and other investment opportunities available to the Reporting Person, the Reporting Person may in the future take such actions with respect to its investment in the Issuer as it deems appropriate including, without limitation, engaging in additional communications with management and the Board, engaging in discussions with the Issuer, stockholders of the Issuer or other third parties about the Issuer and the Reporting Person's investment, including potential business combinations or dispositions involving the Issuer or certain of its businesses or assets, including transactions in which the Reporting Person may seek to participate and potentially engage in, making recommendations or proposals to the Issuer concerning changes to the capitalization, ownership structure, Board structure (including Board composition), or suggestions for improving the Issuer's financial and/or operational performance, purchasing additional Shares, selling some or all of its Shares, engaging in short selling of or any hedging or similar transaction with respect to the Shares, including swaps and other derivative transactions, or changing its intention with respect to any and all matters referred to in Item 4.

Item 5. Interest in Securities of the Issuer.

The aggregate percentage of Shares reported beneficially owned by the Reporting Person is based upon 58,228,053 Shares outstanding as of May 17, 2024, which is the total number of Shares outstanding as reported in the Issuer's Annual Report on Form 10-K/A filed with the Securities and Exchange Commission on June 3, 2024.
